The TIMESTEP Summer Internship Program is a unique opportunity for UA undergraduates in the Physical Sciences (Astronomy, Physics, Optics, Math, Computer Sciences, etc) to connect with small- to mid-sized tech companies based in Southern Arizona.

**Tech Internship**

$5000 scholarship for an internship from: June 1st – Sep. 1st 2018

Gain valuable industry experience working on an exciting technical project at one of the following Tucson-based companies:

- Aztera
- GEOST
- Latitude Engineering
- Madden Media
- Marcus Engineering

Visit https://lavinia.as.arizona.edu/~timestep for more details about these companies

**Responsibilities:**

- Mid-Summer Progress Report.
- Keep in touch with the graduate student coordinator for the program.
- Final Presentation about your experience at a TIMESTEP meeting on Sept 19th 2018

**Application Requirements:**

- Enrolled at UA through Fall 2018 in a STEM field (no citizenship requirements)
- Junior or equivalent, minimum GPA 2.5
- Resume listing technical/computing skills
- Cover letter, highlighting:
  1. Financial need and interest in this program.
  2. Ranked list of top 3 participating companies and reasons why you chose them.

**Application Deadline April 30th 2018**
