

A Stage II fire restriction went into effect Tuesday, May 1st for Mt. Graham. Please use extreme caution in everything you do when travelling or working on the mountain.

MGIO and The Fire Safety Office continue to test the fire alarm communications system at least twice a week.

The Apache Summer Youth Crew began working Monday June 4th. They will be conducting their usual summer work activities at base camp, Bonita and on the summit. We are looking forward to another good productive summer!
